

## DAYS OF FIGHTER IN CHEROKEE TRIBE

Thrilling Incidents in Careers  
of Zeke Parris and  
His Uncle.

### BEARPAW'S BRAVE STAND

Indian Court at Going Snake Once  
Turned Into Bloody Bat-  
tlefield.

FORT WORTH, Tex., Oct. 10.—Zeke Parris, the fullblooded Cherokee Indian, is one of the most noted characters in the history of the Cherokee Nation and always was a terror to evil doers that infested that part of the territory. He lives near Tellicoah.

Parris was for eighteen years a deputy United States marshal and one of the most noted hunters of outlaws ever produced. Under the tribal form of Cherokee government he was the official hangman. Out of the fourteen men executed in that nation, Parris hanged eleven of them. He is a nephew of Zeke Proctor, one of the most noted men slayers and killers the Indian Territory ever has produced.

**Bad Bald Christie.**

One of the worst characters Parris had to deal with was Bald Christie, brother of the notorious Ned Christie, who was captured in the Rabbit Track country of the Cherokee Nation after he had stood off the deputies for many months, and after he had killed several officers. Bald Christie was captured only after his cabin was blown up with dynamite.

For years Christie defied the United States marshals, roaming over the same ground now the hiding place of the Wyckliffe. He was finally run into a gorge by Zeke Parris and forced to surrender. Tom Bearpaw was another dangerous outlaw for Parris to handle, and before he was run in, had killed eleven men. This outlaw was followed thirty-one days and nights before he was captured, sentenced and hanged.

### Court a Battlefield.

One of the greatest fights that ever occurred in the Cherokee Nation was that made by Zeke Proctor, an uncle of Parris, at the Going Snake Court House, some years ago. Proctor was on trial charged with the murder of an Indian woman. He had killed the woman, but it was accidental, she being shot by Proctor, while the latter was trying to kill her husband. An Indian court was usually a battle of the wits.

At the trial the husband of the dead woman attempted to kill Proctor, but the latter was quicker on the trigger. This precipitated a general fight, and when the smoke had cleared away it was found that fourteen persons had been killed or wounded, including the judge of the court, a juror, and six deputy marshals.

Proctor himself was badly wounded, but managed to escape to the woods. He eventually recovered from his injuries and still is living.

### LLOYD'S BLACKEST DAY.

Sir Henry Hozier, who has just retired after thirty-two years' service as secretary of Lloyd's, said not long ago that the blackest day he could remember was in October, 1881, when 108 vessels were posted as lost or wrecked. When a vessel is lost it is announced by the tolling of the bell which hangs beside the crier's box. It is told that when a vessel is lost, twice when a missing vessel comes to port. This bell belonged to the London, a vessel which went down in the Zuyder Zee over a century ago with a million and a half in coin on board, out of which less than a million was recovered. The loss of the London was a disaster to the British navy, and started his career in the artillery, till subsequently he exchanged with the British army. He was a correspondent throughout Prussia's campaigns with Austria and France, nearly losing his life in the former campaign by a spent bullet.

### LONDON SLEEPS LATE.

Whether it be from laziness or the difficulty of reaching the business quarter, London is the latest city in the world to take down the shutters and start its day's work. In Paris you may find a bookshop open at half past one, ready at 7 in the morning. A New York business man will make you an appointment at 9 or even an hour earlier. But London is not really awake until 10 o'clock. Is it the atmosphere that compels sleep?—London Chronicle.

### VENTILATING DEE MINES.

The furnace as a means of ventilation is said to be more economical in deep mines than in shallow ones, as it acts by heating a column of air, the higher that column rises the greater will be the difference in the weight of the air in the upcast and downcast shafts, and consequently the greater the motive power.

## WHY WOMEN SUFFER

Women have so much to go through in life that it is a pity there is so much needless suffering from backache, headache, dizziness, languor and other common aches and ills of kidney complaint.

Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way.

Women are prone to kidney trouble. They have so much indoor work to do, so much lifting, bending and stooping; they are bound by custom to tight, heavy clothing. They get little outdoor exercise, and any little cold may bring on a kidney weakness.

Don't worry if you feel tired and dragged out—if you have backache and bearing-down pain, headache, dizzy spells, faintness, and lack of ambition. Don't think it's some trouble peculiar to the sex. Men suffer in the same way when they have kidney trouble.

Ask yourself this question: "Are my kidneys well?" The condition of the kidney secretions may give you an answer. If there is a brick-dust sediment, or a stringy settling in the urine; if passages are too frequent and copious, or scanty and painful, it is time to begin using Doan's Kidney Pills. Delay may run you into Bright's disease or diabetes.

### FOUND DEAD IN BED; RETIRED FEELING WELL

Aloysius S. Collins, thirty-four years of age, a bricklayer, living at 218 F street northwest, was found dead in his room about 9 o'clock this morning, by his sister, Catharine C. Collins.

Mr. Collins retired at his usual hour last night, and was apparently in good health. When he did not appear for breakfast, his sister went to the door and called him. Receiving no reply, she entered the room and found him lying in bed. A physician was summoned and pronounced life extinct. Death was due to natural causes.

### CANNOT STUMP FOR HEARST; IN GOVERNMENT SERVICE

F. C. Roberts, who was one of the delegates of Columbia Typographical Union, No. 191, to the convention of the International Typographical Union at Colorado Springs, has received an invitation to speak for Hearst in the campaign now on in New York. Mr. Roberts says that as he is in the classified service of the Government he cannot take an active part in politics and therefore has declined the invitation to stump the State.

### FIRST CONSCIENCE MONEY SENT TO ST. LOUIS FAIR

ST. LOUIS, Oct. 10.—A man signing his name "C. Brown," of Chicago, has remitted \$25 to the Louisiana Purchase Exposition Company, in payment of \$250 out of which he acknowledges he aided and abetted in cheating the fair on admissions for his two children. The extra 15 cents is thrown in to defray expenses in getting the money to the exposition company through the St. Louis city treasurer. It is the first conscience money received by the exposition company.

### Washington Testimony.

Mrs. Jane McMullen, of 228 G street northeast, Washington, D. C., says: "I have used Doan's Kidney Pills and think that they are just splendid for kidney troubles. I had kidney complaint for a number of years, at times so bad that I could not attend to my household work. There was a constant dull pain right across the small of the back, which I did not know was caused by kidney disorder until a neighbor told me she used to suffer in the same way and that Doan's Kidney Pills had cured her. I had been rubbing my back with liniments without benefit, but when I began to use Doan's Kidney Pills I could notice some relief in a very short time and it was not long before I was cured. That was five or six months ago and since that time there has not been a return of the old complaint. I heartily endorse Doan's Kidney Pills."

Doan's Kidney Pills cure every form of kidney trouble. Read the testimony of a woman of your own city, perhaps a neighbor.

## DROPPED FROM D. O. A., WOMAN SUES COUNCIL

Courts Petitioned to Have Hattie Rupert and Mayflower, No. 11,  
Show Cause.

"I declare Mary C. Bauman dropped from Mayflower Council, at the sound of this gavel," said the court. This decision of Hattie Rupert, counselor of Mayflower Council, No. 11, Daughters of America, it is said, has caused dissension among the members of the order and has resulted in Mary C. Bauman, the object of the ruling, appealing to the local courts for an order to compel the council and the organization to show cause why the complainant should be deprived of the privilege of membership in the organization.

The complainant says she has been a member of the organization for more than seven years and has all that time regularly paid up her dues, death and sick benefit assessments, and is now in good standing in the council.

In August, she says, she learned that charges would be preferred against her in the organization and at the next meeting she was present. Although a committee had been appointed to investigate the charge, she says, she was not notified of this matter. At the meeting of September 26, she says, on motion, this committee was discharged without having made any report.

At the following weekly meeting, Mary Bauman says, Hattie Rupert repudiated the same members as a committee. In a few minutes, she claims, the committee submitted its report and the council announced her name was stricken from the books.

The complainant says that \$200 of the funds of the organization are invested in a local building association, and asks that a receiver be appointed by the court to take charge of the funds under direction of the court. Albert Sellers and Robert L. Miller are named as counsel for the complainant.

"What's the matter with that fellow?" asked the visitor.  
"He imagines he's the czar of Russia," replied the attendant.  
"Can't he be cured?"  
"I am afraid not."

"Why don't you try throwing a few bombs at him?"—St. Paul News.

### SOLD MILK FOR CENTURIES.

Mrs. Caroline Berry was charged in a London court the other day with selling milk that had not the required percentage of cream. The former was constantly from the top of a vessel, of course, but had not stirred the milk meanwhile. She retorted: "We sold our family before we have served milk for three centuries, and this is the first time there has been any complaint."

## Turn Your Face Into Dollars.

Many a Man Has Failed Because His  
Face Was a Picture of Calamity.

It takes sunshine to produce a rose, a perfect rose. And so man, to be successful, must have sunshine inside. The life which has it not, which has no health and no happiness, is sour, surly, pessimistic, and a failure. The world already has too many vinegar faces that breathe ill-will and strife. The world wants joy, comfort, sunshine, and will cling to the man who has it, who radiates gladness and triumph wherever he is and under all circumstances.

Some people have a genius for seeking out the disagreeable, the crooked, the bad and the ugly. These are the destroyers; they travel in schools, they herd together for they love their kind, and the cheerful part of the world will have nothing to do with them.

And why is it that so many peddle disaster knowing at the same time that if they do, their lives will be ruined? Some people cannot help it, for pessimism usually comes from bodily disorders, and this cannot always be prevented. The stomach, for instance, is the most common cause of discontent, sour face, recklessness, disgust, and lack of ambition. But surely, there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether it is a very bad stomach now or not. Then why not have it?

Stuart's Dyspepsia Tablets do this very thing. One ingredient of these little tablets digests 3,000 grains of food, and no matter how bad is your dyspepsia or indigestion, these tablets will digest everything in your stomach, thoroughly and completely, and better and quicker than a healthy stomach can do the same thing. Stuart's Dyspepsia Tablets will cure quickly loss of appetite, brash, irritation, burning sensations, nausea, heartburn, eructations, loss of vim and spirit, memory, and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should have Stuart's Dyspepsia Tablets around with you wherever you go and take them after meals. Then only will you realize what it is to enjoy a meal, and what perfect digestion means. Your whole body and your mind will feel the effect; your vim will increase, you will be more satisfied with what the world does, you will think happier and be happier, and your face will be one of supreme contentment. That will bring you success and then more success. Your face will bring you dollars. Try it. It will cost you just for a package of these wonderful Stuart's Dyspepsia Tablets, at any drug store on earth.
